

**Queens Chapter
Educational Presentation**

"The Creative Use of Pets in Psychotherapy "

DATE: Sunday, November 16th

TIME: 11:30-1 PM

Networking: 11-11:30 a.m.

LOCATION: York College
94-20 Guy Brewer Blvd. Room 3B04
Jamaica, NY 11451

SPEAKER: Susan Lee Bady, LCSW, BCD

Ms. Bady will discuss the human animal bond and the discovery and development of Animal Assisted Psychotherapy and research showing the benefits of being with animals. She will present an overview of how animals help those in various settings and disabilities. Much of her talk will include how her two cats Boots and Tiger have enhanced her psychotherapy sessions.

Susan Lee Bady, LCSW, BCD has been working as a psychotherapist since completing her training in psychoanalytic psychotherapy in 1978. She is highly experienced in hypnosis, meditation and EMDR. She has written papers and presented at conferences both locally and internationally. Susan's two cats, Boots and Tiger have been working with her as co-therapists for over 14 years. Her web site is: www.susanleebady.com
