

**NEW YORK STATE SOCIETY FOR CLINICAL SOCIAL WORK
Queens Chapter - Networking and Educational Presentation**

Sunday 2/3/13

11 AM-1 PM

Holliswood Hospital

Ronald B. Cohen, MD

"Helping Families Lead Healthier Lives-The Post-Divorce Binuclear Family"

Ron is a Board Certified Psychiatrist and Experienced Systemic Family Therapist who specializes in helping families adapt and heal from unexpected crises and stressful life-cycle challenges, especially those caused by severe and chronic medical illness, trauma, and disability. Distinctive among psychiatrists he works with the whole family to help multiple people in a manner that can save time and be less costly and more effective than equal doses of individual therapy. As a consultant specialist he helps other health care professionals and organizations to consider how adding family therapy sessions to the treatment program can be both healing and protective of future generations.
